Lily B of LP
Bahrain

Dear Friends,

On behalf of the entire team at Samson Assuta Hospital, I would like to express our sincerest gratitude for your generous donation of locally hand-made gifts and souvenirs to our hospital. This special project, established to honor the memory of Lily, ז"ל, aims to ensure that her legacy of generosity, love and dedication to helping others continues to shine through.

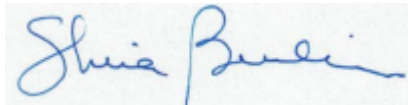

The proceeds generated by the sale of these gifts will play a crucial role in supporting medical research at the hospital and will touch the lives of countless individuals and their families. By directing the funds towards research initiatives, we can advance our understanding of diseases, develop innovative treatments and improve the quality of care we provide to our patients.

Your meaningful initiative not only showcases the rich cultural heritage of Bahrain but also represents the spirit of unity that binds Bahrain and Israel.

Thank you for your remarkable generosity and support. We are honored to be a part of this noble endeavor, and we are privileged to have partners like Lily B of LP who shares our vision of advancing medical research and improving patient care.

May Lily's memory be a blessing and may her legacy inspire others to follow in her footsteps of kindness, compassion and love.

With heartfelt appreciation,

Shira Berliner
Director of Philanthropy
